DESCRIPTION

International Lubricant Company's Top 10W-40 is an API SN/CF, ACEA A3/B4 rated synthetic blend motor oil using synthetic formulation to achieve the API SN/CF and ACEA A3/B4 specifications. Top 10W-40 is suitable for the toughest requirements listed by the world's leading manufacturers.

APPLICATIONS

ILC's Top 10W-40 is designed for use in petrol and diesel engines from passenger cars to light duty vans including turbocharged and supercharged vehicles. With its excellent viscosity index it can be used in all year round applications meeting the latest American and European car manufacturers requirements.

BENEFITS

- Keeps engine clean.
- Good fluidity at low temperatures.
- Long term wear protection against aging engines.
- Increases life of engine components.
