DESCRIPTION

International Lubricant Company's Top 20W-50 is a high performing API SN/CF rated multi-grade oil. With its high detergent properties, this oil brings old smokey, worn out engines back to life by lubricating seals and reducing sludge build up.

APPLICATIONS

ILC's Top 20W-50 is designed for use in petrol, light duty diesel and LPG engines specifically for older engines or engines with high kilometers. Suited for vehicles with or without turbo or supercharges. With its excellent and strong lubricating power this oil helps reduce oxidation and sludge build up. Can be used where SL,SJ,SG or SF oils are recommended.

BENEFITS

- Good detergency prevents deposits in engines.
- Powerful action against wear,corrosion and foam.
- Increases life of engine components.
- Long term engine protection.
